Academic Year 2024

This announcement is made by the Office of International Affairs regarding the application and selection processes for both Bachelor and Master degree students to participate in exchange programs with partner universities for Academic Year 2024, starting from January 2025. Reaffirming Thammasat University's goal to promote our students to acquire international, life-long and academic experiences through exchange programs, selected students will be entitled to study in overseas courses at a partner university not exceeding ONE academic year as an exchange, non-degree seeking student. Under a university budget allocation for exchange programs, managed by the Office of International Affairs, selected students are eligible for scholarships to fund their exchange study abroad.

The conditions and eligibility criteria:

1. Number of participating universities: 82 Universities and 1 Program

2. Qualifications:

2.1 Full-time and currently enrolled Thammasat students:

--Bachelor Degree: Students must have completed at least one academic year or submit evidence showing that the applicant is awaiting academic results, either of which must be presented to the selection committee on the date of interview. Failure to do so will render the applicant as disqualified and will not be eligible for an interview.

--Master degree: Students must have studied for at least 1 semester with an academic result from at least 1 semester.

2.2 Students must meet GPA requirements as specified in the appendix.

2.3 Students must provide a language test score as required by the partner university or in accordance with particular conditions as specified in the appendix.

3.2 Must have permission from an academic advisor and responsible faculties on a proposed study plan and credit transfer plan.

3.3 The applicants are not and will not be engaged in any other exchange programs managed by the Office of International Affairs or their faculties until this application is finalized.

3.4 Students who are selected, but later cancel without appropriate reasons will not be eligible to apply for other exchange programs.

3.5 Exchange students are required to perform a credit transfer process as required by the university and responsible faculties.

3.6 After returning to Thammasat University upon completion of a program, students are required to complete the credit transfer in accordance with the student's faculty regulations before their graduation. The Registrar's office will record "Leave" on the transcript of a returned exchange student who does not complete the credit transfer process.

3.7 The length of exchange study will not exceed two (2) academic terms. Accordingly, permission to enroll as an exchange student for one semester or one full academic year will also be subject to the approval of the host university.

3.8 Selected students must commence their exchange study as specified in the appendix.

3.9 Selected students are not permitted to extend their length of exchange study.

3.10 Health and accident insurances are required prior to students' travel and must cover the entire exchange period.

3.11 The Office of International Affairs has full authorization not to nominate selected students who do not comply with the conditions, regulations and procedures as specified above.

3.12 Application conditions are subject to change for purposes of suitable academic standards without prior notice.

3.13 Returned exchange students are required to submit their study reports through an acknowledgement of responsible faculties to the Office of International Affairs within 30 days upon on student's return.

4. Students' status

4.1 Selected students will be categorized as Thammasat exchange students and will pay the academic fees for overseas study at partner universities at the extra rates as stipulated in the announcement of Thammasat University regarding the rate of fees for exchange programs for Bachelor and Master degree students: Academic Year 2015.

4.2 Students will hold the status of an exchange, non-degree seeking student at a partner university.

5. Exchange program fees

5.1 Students selected for an exchange program will pay the fees as prescribed in item 5.1.

5.2 Other fees as indicated in the exchange agreement (if any).

5.3 Selected students must pay the exchange program fees at least 30 days prior to their international travel. A delay in making such a payment without appropriate reasons will lead to possible cancellation of participation in the program.

5.4 Thammasat international students who have received Thammasat scholarships are also required to pay the fees as prescribed in item 5.1 and other fees and expenses by themselves. Thammasat university will suspend the scholarship to these students during their exchange study periods.
